Wonder Wood Finish: The Latest Wonder from AICA

Aica launched its new prime folder **Design Inspiration 2018** at the **ACE Tech Exhibition Delhi**, last month. The Company has introduced several new colour patterns and exotic finishes in the same and the foremost among them is **NEW Wonder Wood Finish**.

Wonder Wood Finish has been introduced in both **Vertical and Horizontal** directions in colour combinations which blend in perfect harmony. The colour patterns like: Pango olive Ash, Milan walnut, Stripped Wood, Wotan Eiche, Yoko Amber etc featured in these two finishes are all new and their subtle elegance add more charm and grace to Wonder wood Finish.

In the Vertical direction **WW Finish has 6 Patterns** in three combinations.

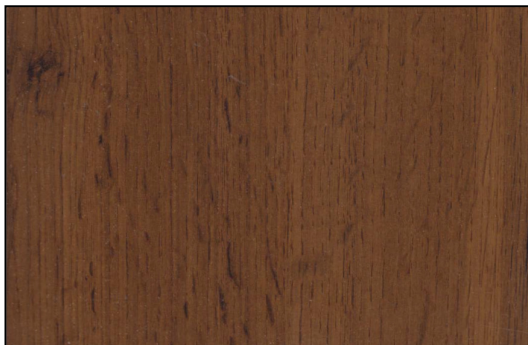

The same is **Horizontal Directions is available in 4 Colour Patterns** in which the granular direction is also horizontal perfectly matching the texture pattern.
